

Focus Building Workshop

Enhance concentration and creativity through hands-on practice

In today's digital age, building focus has become an essential skill for success. Our Focus Building Workshop is designed to help students of all ages develop better concentration, time management, and creative thinking abilities through engaging, hands-on activities.

Program Highlights:

- **Duration:** 21 Days - 1 Hour Daily Sessions
- **Batch Size:** Maximum 10 students for personalized attention
- **Course Type:** Hands-on practice with creative activities

Skills You'll Gain:

- Time Management
- Problem Solving
- Creative Thinking
- Craft Skills

What Makes This Program Special:

Our unique approach combines art, craft, and mindfulness activities to naturally enhance focus and concentration. Through activities like Zentangle Art, Mood Mandala, Shadow Painting, Texture Art, Clay Modeling, Candle Making, Board Games, and more, participants learn to concentrate deeply while creating beautiful works of art.

This workshop is perfect for students struggling with distractions, parents wanting to support their children's learning, or anyone looking to improve their attention span and productivity.

Program Fee: ₹11,000/- (includes all materials and supplies)
